CAMP ON THE ROOF!

Our rooftop tents take only minutes to fold out and set up. Surprisingly roomy, they have a Queen size mattress with extra room to spare. They're made from heavy duty, waterproof canvas, with mesh windows allowing great ventilation whilst keeping the bugs out. Being above ground has the bonus of keeping you safe from wandering animals as well as the possibility of flash flooding.

There is also an optional attachable annexe providing room for two more to sleep. The rooftop tent has a separate shade canopy that is quick and easy to set up for comfortable road stops along journey.

HIGHLIGHTS OF AUSTRALIA'S TOP END

From Darwin, capital of Australia's Northern Territory, the world heritage listed Kakadu National Park is around a comfortable two hour drive and where Aboriginal people have lived for over 50,000 years. Talk to us for recommendations or use our booking service to secure the best tours and guides. We will also tell you how the permit system works in Arnhem Land.

Kakadu offers endless attractions to suit every enthusiast; adventurer, naturalist, bird watcher, fisher and tourist! There are vast escarpments, wetlands and floodplains with eco-systems like no other. Wilderness activities include croc-spotting river cruises, 4WD and floodplain safaris, quad bike touring, wildlife viewing and barramundi fishing.

Our friendly team will help you with all levels of accommodation including campsites. It's advised to book ahead and be aware of the best areas for bush camping.

Don't miss the chance to swim in the majestic Edith Falls near the outback township of Katherine. A helicopter flight over the expansive Katherine gorge in Nitmuluk National Park is a highlight not to be missed.

AUSTRALIA'S RED CENTRE

Alice Springs is also known as the Red Centre, or The Alice as locals would say. Its arid environment consists of several different deserts. The nearby West MacDonnell Ranges has the short *Ghost Gum Walk* for unrivalled views of Ormiston Gorge.

Yulara is about a five and a half hour drive away and offers a host of cultural experiences and attractions including the world-famous Uluru. Ask us about our tailored packages where you will see the sunrise over Uluru, enjoy its sunset with a glass of wine and in between take in the sights with a local Aboriginal guide, ride a camel and finish the evening at the world-acclaimed *Field of Light* dinner and show.

From Yulara, the enormous Watarrka National Park is approximately a four hour drive, home of Kings Canyon. From resorts to campsites, we can help guide you to the places that suit you best and give you the best advice on walking trails, four-wheel drive tracks and desert culture. Don't miss the six kilometre Rim Walk for magnificent views of the Canyon, the weathered domes of *the Lost City* and the amazing *Garden of Eden*.
